ONSITE TRAINING IN UAE

TÜV RHEINLAND CERTIFIED INSTITUTION

[www.gravitech.co.in](http://www.gravitech.co.in)

# ABOUT INDUSTRY

As in the case of Middle East, Indian economy is also now oil reliant. The oil and gas sector is one among the six core industries of India. India's economic self reliance is all about demand and availability of oil wealth within the country. India targets \$ 40bn of untapped oil and gas. The large scale Public Private investment on both off shore and on shore oil/ gas exploration, especially on the KD basin is giving a clear indication of the potent possibility, this alone can promise a large scale employment possibility to competent and qualified engineers within the country at par with overseas oil rich country's living standard.

The competency when needs to be supported through International qualification, the role of training institutions such as Gravitech Inspection Services, becomes relevant. OUR endeavour is to reduce the employability gap by providing the right candidate to the industry with proper training/ experience along with international accreditation. WE make the right approach not alone in qualification but supported through the essential Safety awareness with adequate language proficiency.

So our motto is to ---

- ***Improve professional efficiency of fresher,***
- ***Enhance career prospects for workers,***
- ***Religious implicit of knowledge on the job,***
- ***Adaptation of practical knowledge to the rapidly changing work environment... Thus be a facilitator to new technologies and better career options.***

## ABOUT GRAVITECH

**GRAVITECH INSPECTION SERVICES:** Is an ISO Certified organisation, registered under small scale industries act at Kerala. We exists as a consulting, servicing, vendor inspection, NDT instrument distribution and testing, Training & Certifying organisation in the field of NDT. Our service is being organized by well talented consultants who have a tremendous experience in the field of NDT and other Mechanical projects. Our team is lead by a group of professionals who hold international certifications such as: - ASNT Level III / II, CSWIP 3.1, AWS, NACE, B Gas, API etc.

VISION

Be a catalyst in filling the employability gap through technical excellency over the academic basement by converting each one as master of their own destiny.

MISSION

Quality of education relies on accomplishment rather than setting standards. Through quality education and placement reward be the first sought after training hub for mechanical engineering discipline.

# NO COMPROMISE IN INTERNATIONAL GRADING

*When you have a possibility to obtain an international certification (IWCF/IADC/TÜV RHEINLAND) on the field of oil and gas training for both offshore and onshore, why to compromise with local affiliated bodies which have less acceptance.*

## ABOUT TÜV RHEINLAND

The TÜV Rheinland Group is a leading provider of technical services worldwide. Established in 1872 with headquarters in Cologne. Since there inception, they have been developing safe and sustainable solutions for the challenges arising from the interaction between man, the environment and technology.

TÜV Rheinland certifies individuals on the basis of the DIN EN ISO 17024 standard. For certified persons, the certification illustrates independent proof of their skills. For companies, an individual with a personal certificate is a reliable and proven employee ensuring its long-term success of the company.

We proudly introduce TÜV Rheinland certification to our well esteemed engineering/diploma candidates. We are approved to conduct & certify the candidate to make their dream of getting job abroad come true.

Benefit from the reputation TÜV Rheinland has earned an international independent & neutral certification body. This provide you a strong edge both in recognition & transparency all across the globe.

Gravitech is been approved the following courses.

CERTIFIED QA/QC PROFESSIONAL IN OIL & GAS PIPING & WELDING TECHNOLOGY

QA/QC PROFESSIONAL IN WELDING & PIPING TECHNOLOGY

QA/QC PROFESSIONAL IN CIVIL ENGG

## ABOUT **IADC**

(INTERNATIONAL ASSOCIATION OF  
DRILLING CONTRACTORS)

Since 1940, the International Association of Drilling Contractors (IADC) has exclusively represented the worldwide oil and gas drilling industry. IADC continually fosters education and communication within the upstream petroleum industry. IADC holds consultative status at the international maritime organisation and observe status at the international seabed authority. This association is a leader in developing standards for industry training.

## ABOUT **IWCF**

(INTERNATIONAL WELL  
CONTROL FORUM)

The International Well Control Forum (IWCF) is the only independent body focused on oil and gas well control training and accreditation. We set training standards through a global network of branches and are committed to delivering a permanent step change in process safety and operations throughout the life-cycle of the well. Through collaboration with industry, we are helping to increase competency and change behaviour.

## ABOUT **STED**

(SCIENTIFIC & TECHNICAL  
EDUCATION DEVELOPMENT)

We scientific & technical education development council (STED COUNCIL) is an autonomous body and a national level organization registered under Govt. of Kerala and India NGO under national capital territory ( Govt. of N.C.T) new Delhi, Government of India. STED COUNCIL is an esteemed organisation stood for a spectacular development for providing courses with standardized syllabus designed and approved by STED COUNCIL authority for providing quality education and training all over the country at all social level which mobilize people to participate actively in the development programme of the Government.

# INTERNATIONAL ACCREDITED COURSES

High demand from the corporate for the candidate with multi training competency evolved in designing all together new course called COMBO COURSE. This gives every candidate an exposure in all connected field of placement. Time and money factor also is in the favour side of candidate.

COURSE CODE	COURSE NAME	TOPIC COVERED	CERTIFICATION PROVIDED
OIL AND GAS TECHNOLOGY - MECHANICAL DEPARTMENT			
GIS-001	CERTIFIED QA/QC PROFESSIONAL IN OIL & GAS PIPING & WELDING TECHNOLOGY	OIL& GAS TECHNOLOGY + QA/QC IN WELDING INSPECTION + PIPING & PIPELINE ENGG. + NDT	<b>TÜV RHEINLAND</b> (GERMANY) + <b>IADC</b> (USA) + <b>IWCF</b> (UK) + ASNT
